Sew what's new

Bendts

319 Market St. Lewisburg

In planning to trap her husband
the lady with the flea wore long
skirts as she set about her task.

Today's lady might well be wearing
a long skirt as she proceeds to the
hotel — were women still given to
such tactics.

This holiday season will be one
in which legs will be elegantly
covered whatever the wearer may
be about. "Alternative" styles
and fabrics are abundant — velvet,
soft wool, knits, and lovely
quilted skirts that are topped by
shimmery blouses or body shirts or
tailored blazers. So, whether
you are on a trapping expedition
or just having a good time, try
the elegance of long skirts or
dresses — whichever best personifies
you — and/or your task.
