

A WORD FROM THE DIRECTOR. . .

Vanity (van' e tē) n., pl. *ties* 1) the quality of being personally vain. 2) excessive pride in one's appearance, qualities, gifts and achievements. 3) Emptiness, unreality, sham, folly, want of real value. 4) A dressing table.

I feel Vanities is about all of these things.

This play had a great impact on me when I first saw it performed. The visual effect, the music, the characters and the dialogue all came together in an exciting and provocative blend of the comic and the tragic.

If you sense in these women something of yourself, then you have allowed the play to touch you and I am satisfied.
